Georgian Silver Candlesticks for sale eBay

These are an unusually short desk candlestick - but I can see no evidence of alteration, they were made to this pattern. No makers marks. Size: 9 cm high (3 1/2 inches) Weight: 605 g Condition: There is some wear to the silver plate with copper showing through in places. There are a few dents to the edges of the bases, and dents to the top rims that are concealed by the sconces. The pitch that fills the bases has fragmented a bit so they rattle when shaken: See photos for exact condition.
