How to enter share market in India Quora

SHARES: A share, also known as equity or stock, is one of a finite number that represents fractional ownership of the corporation in proportion to the total number of shares. In liquidation, the stock represents the residual assets of the company that would be due to stockholders after discharge of all senior claims such as secured and unsecured debt. Equity is a share in the ownership of a company. It represents a claim on the company's assets and earnings.
